

2018 Fact Sheet

Background

The purpose of Heroes Day is to thank first responders for keeping our community safe and helping our citizens in times of crisis. Groups recognized include: law enforcement, fire fighters, EMTs, border patrol, U.S. military, U.S. Forest Service, etc. Heroes Day nominees have gone above and beyond in a specific event.

This will be the 10th year that Heroes Day will be recognizing local heroes. Three first responders nominated by their organization's public information officers, local healthcare professionals or other interested parties, will be recognized as special heroes for their extraordinary responses to traumatic crises.

This event will take place on November 8, 2018 and is a partnership between Banner - University Medical Center and Jack Furrier Tire & Auto Care. Banner-UMC and Jack Furrier Tire & Auto Care are committed to giving back to the community they serve. Honoring first responders is just one of the many ways to show their gratitude. Jack Furrier Tire & Auto Care is a community focused business that believes in giving back. Honoring first responders is just one of the many ways throughout the year that the company supports the local community.
